An outdoorsman can find plenty of other fishing and hunting attractions close by. This property is located only 15 minutes away from Fairystone Farms WMA. Hunting opportunities on Fairystone Farms WMA is enhanced considerably by the public access also allowed on adjoining Fairystone State Park and Philpott Lake lands. Altogether these three public landowners provide over 14,000 acres that is open to hunting. The primary species available are deer, turkeys, squirrels and raccoons. This area is a favorite with deer hunters, including an opportunity to hunt within a 5,000-acre quality deer management zone that has special antler restrictions. Squirrel hunting is popular and bushy-tails seem to be at the height of their abundance during years of plentiful oak and hickory mast. Spring gobbler hunting has become very popular in recent years. There is also limited hunting opportunity for woodcock, grouse, quail and waterfowl. No hunting is allowed on the managed waterfowl impoundments. Excellent fishing opportunities are nearby. The Smith River gets honors for one of the most productive trout fisheries in the state. Portions of the river below the dam are stocked annually from October through May. This River also supports terrific numbers of wild brown trout that are available for anglers throughout the entire year. The 2,880-acre Philpott Lake supports a good population of largemouth bass, smallmouth bass, walleye, and sunfish. The bass population is doing well producing largemouth up to 8 pounds and smallmouth bass up to 5 pounds. The walleye fishery is one of the best walleye fisheries in the state with most fish averaging 2-4 pounds. Neighboring Fairystone Lake is a 168-acre reservoir that contains largemouth bass, crappie, and sunfish.

Only 30 minutes away is another main local attraction, Primland Resort. Primland is a luxurious back-to-nature escape unfolding across the highlands of Virginia in all their smoke-hued grandeur. The Blue Ridge Mountains are a natural paradise of forest-cloaked peaks and sun-dappled valleys. At the heart of this pristine wilderness, Primland Resort awaits on its own 12,000-acre mountain estate.
